What is the Student Subclass 500 Visa

The Student 500 visa is required by all international students studying on a student visa in Australia. The Subclass 500 visa allows you to study at a CRICOS registered training provider. FACT Adelaide is not currently CRICOS registered, nor are any of its courses CRICOS registered. With the Subclass 500 visa you are required to inform your training provider when undertaking any training. Importantly, FACT Adelaide is NOT being racist by not allowing enrolment into its courses. FACT Adelaide is not legislatively permitted to deliver those courses to international students on a student visa.

Visa Checks

FACT Adelaide will check all passports used for proof of identity and training eligibility with FACT Adelaide when undertaking finalising any bookings and enrolments using the VEVO check website. <https://online.immi.gov.au/lusc/login> Any student found to be holding a Subclass 500 visa will not be permitted to take part in the training.

Student Booking with a Subclass 500 Visa

The FACT Adelaide booking system requires all students to declare that they are eligible to study in FACT Adelaide courses. Any student that holds a student subclass 500 visa and books in using our system despite declaring that they do not hold a subclass 500 visa will automatically have an administrative cancellation and NO refund will apply as the student will have provided a false declaration in the enrolment process. FACT Adelaide takes its legislative responsibilities very seriously and will not tolerate any students who try to manipulate the enrolment system.

Students Responsibility

It is the student's responsibility to inform the training organisation that they currently hold a Subclass 500 and declare this in the booking process. FACT Adelaide will check all visa requirements in accordance with regulatory requirements. If students have provided false information in relation to this issue, students will forfeit any fees paid.

FACT Adelaide's Responsibility

FACT Adelaide will check all passports used as ID with the exemption of Australian passports. The information gathered from the VEVO check will be printed and stored with the student's assessments for the same period of required as per the regulations.

More Information

More information is available from the department of Home affairs website.
